USER MANUAL FOR NIGHTFIRE[®] FLASHLIGHTS

NF900, NF900XC, NFPZ1000

WARNING

Do not shine directly in eyes.
The powerful LED light can damage eyes immediately.

Keep away from children and pets.

Read Instructions Carefully

- Only use the provided rechargeable 18650 Li-ion battery.
- Only use provided battery charger for charging the high power 18650 Li-ion battery.
- Do not use the battery if it shows any damage, such as a scratch, a crack, bulging, or corrosion.
(Safely recycle damaged battery)
- Make sure to always place battery into flashlight and charger correctly.

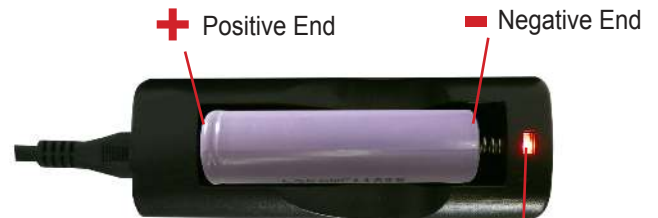

BATTERY INSTRUCTIONS

1. It is important to note which end of battery is positive. (+)
2. The provided battery is a powerful 18650 Li-ion battery that can cause damage to charger, flashlight and battery if placed into charger or flashlight improperly.
3. Only store battery inside your flashlight, the charger or a safe Li-ion container and keep away from liquids & heat
4. The 18650 Li-ion battery has no memory and can be charged at any time.
5. Do not modify, disassemble, puncture, cut, crush or incinerate

CHARGING INSTRUCTIONS

Only use the provided charger to recharge the battery.
Place battery into charger as shown in illustration below:

Once fully charged, this light will turn green

Always charge battery on a fire-proof surface and never leave charging batteries unattended.

Disclaimer: NightRiderTM LEDs Inc. is not responsible for the use of these batteries and will not be liable for any damages or injuries resulting from the use of this product. USE AT YOUR OWN RISK.
