

NightRider™ LEDs

Thank you for purchasing NightRider™ LEDs
SAE/DOT Snow Plow Lights with Heated Lens

*Merci d'avoir acheté des LEDs NightRider™
SAE/DOT pour chasse-neige avec lentille chauffante.*

*Please read before installing your new snow plow lights.
Veuillez lire ce manuel avant d'installer vos nouvelles lumières de chasse-neige.*

WIRING / CÂBLAGE

Each snow plow light is equipped with a built-in 6 pin Deutsch connector in the back. The supplied wire lead with its 6 pin Deutsch plug will connect into it.

Please refer to below image when hooking up your new lights to your vehicle's existing wiring harness.

Chaque feu de chasse-neige est équipé d'un connecteur Deutsch intégré à 6 broches à l'arrière. Le câble fourni avec sa fiche Deutsch à 6 broches s'y connectera.

Veuillez voir l'image ci-dessous lors du branchement de vos nouveaux feux au harnais électrique existant de votre véhicule.
